

**Instructor:** Michael Hopkins, SC 508

**Instructor email:** mjh@math.harvard.edu

**Course Assistant:** Jacob McNamara

**Course Assistant email:** jmcnamara@g.harvard.edu

**Text:** There is no official text for the course. I've found many of David Tong's lecture notes to be very useful and I think you will too. They can be found [here](#). Other useful resources are the book *Solid State Physics* by Ashcroft and Mermin and the book *Geometry, Topology and Physics* by Nakahara.

**Office Hours and Section:** There will be one combined 2 hour office hours/section. The precise time and location is to be determined.

**Homework:** There will be weekly problem sets, due by electronic submission on Thursdays.

**Lecture Notes:** Lecture notes will be posted [here](#).

**Lecture Videos:** One lecture video is [here](#) and the rest are under Zoom -> Cloud Recordings
