

Full guidance on the Statistics requirements for the senior thesis are available [here](#).

The purpose of this tutorial is to support statistics students working on senior thesis. Meetings will provide students with the opportunity to present results from their projects to fellow thesis writers. A sign-up for the speaking times may be found in our [shared google doc](#). The schedule for the semester is listed below. If no students sign up to speak during a "Student Talks" meeting Stat 99r will not meet.

- September 6: Organizational Meeting and Details on Research Proposal
- September 13: Student talks
- September 20: Student talks
- September 27: Student Talks
- October 4: Tips and Tools for your Literature Review
- October 11: Student talks
- October 18: Student talks
- October 25: Student talks
- November 1: Student talks
- November 8: Student talks
- November 15: Student talks
- November 22: Student talks
